Press Release 1

Licensed

The governing radio watchdog Ofcom has awarded Red Sands Radio a licence to broadcast to the Coastal Towns throughout July

With roots firmly in Offshore Pirate Radio it's unfortunate that the station, now in its third year isn't able to transmit from its normal Fort base off Whitstable coast due to storm damage incurred during winter storms

But on a positive note the station will be setting up in the centre of the Community at Whitstable Harbour, providing a balanced blend of 'feel good music', topical information, news & local guests

Programme Director Bob Le-Roi said, "On one hand we're disappointed not to be on the Fort but at the same time excited to be able to be assessable to the people we serve, Red Sands Radio really will put the local back into local radio"

Radio Red Sands launches on 4th July 2009. For more information contact Red Sands Radio, PO Box 299, Whitstable, Kent, CT5 2YA or telephone 07961 601 893

Bob Le-Roi - Programme Director
