Press Release 2

ICOM joins the Radio Revolution

Herne Bay based Radio Communication Company, ICOM UK become a 'Select Sponsor Partner' of Red Sands Radio. Established in 1974 in Herne Bay, Kent. ICOM (UK) Ltd is privately owned & is sole UK/Ireland importer for ICOM Inc. Osaka Japan. A comprehensive portfolio of radio transceiver, receiver, navigation & computer products is maintained by a staff of 39 to suit the consumer, commercial, radio-amateur, marine & aviation markets. Equipment is available in fixed-base, vehicle-mobile & handheld formats to suit a wide range of specifications & applications

ICOM Managing Director Phil Hadler said "We very much enjoyed the programmes of Red Sands Radio last year, it was a breathe of fresh air hearing something different that was topical & local that played a wide range of music. We as a specialist organisation realised how difficult it was to pull off the initiative & are pleased to be supporting the project hereon"

Red Sands Radio Programme Director Bob Le-Roi replied, "ICOM were amazing they called us up out of the blue & maintained a reassuring link throughout our broadcasts. ICOM have a mutual interest in what were doing & we're delighted they're aboard. We're offering ICOM facilities to conduct experimental World-Wide 'Ham Radio Broadcasts' during this summers transmission period"

Radio Red Sands launches in early July 2008, for more information telephone 07961 601 893
